

Please do not allow the LPFM's to displace wonderful community stations like KLOVE. KLOVE serves our community to keep positive, uplifting, clean music, comments, and programs on the air. Given the decline of the morality of our nation, if you allowed these stations to supplant KLOVE, you would be contributing to the delinquency of our youth and the immorality of our nation. KLOVE is the only station I will allow my children to listen to and they -LOVE it. We don't have to listen to foul-mouth DJs, or lyrics that my grandmother would rise up from the grave if she heard them. Our community and our country needs more stations like KLOVE.
